SPN6500

Household appliance surge protector

918 Joules/ 36,000 Ampere

Designed to perform and protect, this surge protector features advanced technologies to keep equipment safe from electrical surges. Power Blocker® circuitry automatically shuts down power to your system to protect against subsequent surges.

Dependable protection

- 40 dB EMI/RFI noise filtration
- V3 Advanced Surge Technology
- Master on/off switch
- Power blocker
- £100,000 equipment warranty

Built-in convenience

- Right angle plug
- Protection indicator light
- 1 m power lead

PHILIPS
sense and simplicity

Specifications

Packaging dimensions

- Packaging dimensions (W x H x D):
6.1 x 15.0 x 48.0 cm
- Net weight: 0.650 kg
- Gross weight: 0.810 kg
- Tare weight: 0.160 kg
- EAN: 87 12581 36913 2
- Number of products included: 1
- Packaging type: Box

Outer Box

- Outer carton (L x W x H): 50.3 x 17.3 x 19.8 cm
- Net weight: 1.950 kg
- Gross weight: 2.880 kg
- Tare weight: 0.930 kg
- EAN: 87 12581 36914 9
- Number of consumer packages: 3

Highlights

40 dB EMI/RFI noise filtration

Built-in filtering technology ensures the best performance from your components. It guards against signal interference and loss of data. The higher the dB rating the better the noise reduction.

V3 Advanced Surge Technology

This new surge protection technology provides 27% greater surge protection capacity and better heat dissipation for safe, more reliable and longer lasting surge protection.

Right angle plug

This flat design allows for more positioning options and lets furniture sit more closely to the wall.

Protection indicator light

This LED alert lights up to indicate the surge protector is working properly.

Master on/off switch

This master switch controls power to the outlets on the surge protector.

Power blocker

This automatic shutdown technology senses when the device has reached capacity and automatically shuts down electricity to your equipment. It protects against subsequent surges, even if you are not present

£100,000 equipment warranty

Protects your connected equipment for the life of the product.

1 m power lead

Provides power to the unit which can be 1 m from the AC outlet.
